

# GIVE COMFORT KAI'S COMFORTS

## Give comfort to kids experiencing sight loss.

Kai is a local 17-year-old with a rare, progressive, eye disease called Retinitis Pigmentosa (RP). RP and other retinal diseases cause blindness. Night blindness is one of the first symptoms many children experience and it can cause severe anxiety. Kai collects highly textured, soft, pillows and blankets to help comfort kids facing blindness. Your donation will comfort a child experiencing vision loss. Drop bins are located in Statesboro & Brooklet:

**Pladd Dot**

**SOUTHEAST  
TIRE & SERVICE**

**SEB HS  
Front Desk**
